Re: South Licking Watershed reactivation

Hello,

This letter is to inform you that the South Licking Watershed Conservancy District has been reactivated. Dan Blatter and I, Linda Nicodemus, have been appointed as Directors of the District. We are actively searching for another Director.

Our intent is to meet with all the local officials and to review the entire District's watershed and identify areas of concern that may exist in each jurisdiction. From that information, a set of directives can be drafted so we can work together to address those concerns within the watershed.

We are holding monthly meeting at the Hebron Municipal Complex located at 934 W. Main Street Hebron, Ohio. These open meetings begin at 6 pm on the third Tuesdays of every month.

Our contact information is as follows:
